Double Dexter (Dexter, Book 6)

Synopsis

THE DEXTER PHENOMENONâIN PRINT, ON THE SCREEN, AND IN THE HEARTS OF MILLIONS OF FANSâCONTINUES WITH A DEADLY DUEL . . . Dexter is displeased. Like any self-respecting, totally decent, soundly homicidal guy, Dexter Morgan takes great pride in his work and is careful to remain anonymous. So he is, naturally, upset to discover that someone has identified him andâworst of allâis now turning his own methods against him. The situation soon becomes more complicated when a brutal cop-killer begins targeting Miamiâs police detectivesâleaving behind bodies that are battered beyond recognitionâand stoking the departmentâs worst fears. As his colleagues grow more paranoid of the psychotic killer in their midst, Dexterâs position is increasingly perilous. He is running out of time to track down this copycat and deliver his usual special justice, before his dark hobby is revealed to the world.

Book Information

Series: Dexter

Paperback: 337 pages

Customer Reviews

For quite some time, first-person narrator Dexter Morgan has been juggling multiple roles: husband and father of two stepchildren and a beautiful baby girl, Lily Anne; blood spatter expert for the Miami-Dade Police Department; and ruthless vigilante who stalks individuals whom he is convinced need killing. He slices and dices his victims and keeps a slide with a drop of their blood as a souvenir. Dexter has executed over fifty people to date without being caught. Whatever could go wrong? As it turns out, quite a few things can and do go wrong. One, someone spots Dexter doing

his dastardly deed to a suspected pedophile. Two, Rita, Dexter's wife, has been acting strangely of late; she's drinking far too much wine and appears more agitated than usual. Worst of all, from Dexter's viewpoint, is that Rita has stopped serving him delicious home-cooked dinners! Chauvinist Dexter is willing to change a diaper, but he is not big on meal preparation. While Dexter spends hours surreptitiously looking for the witness who is now threatening to destroy him, Rita is becoming ever more jumpy; Dexter fears that his career, marriage, and freedom may be in danger. In "Double Dexter," by Jeff Lindsay, the usually unflappable Dexter is showing signs of strain. Just when he needs to "stay icy calm and in complete control," he is beginning to fall apart. In the past, he was a consummate actor who could fake being human without much effort; now, he is distracted, irritable, and anxious. Making matters worse, "a maniac with a sledgehammer" has been battering cops to a pulp. Dex's sister, the foul-mouthed and aggressive Sergeant Deborah Morgan, demands that her brother use his forensic wizardry and amateur profiling skills to help her nab the perpetrator.

I just finished this novel a few hours ago and was eager to read some reviews on here to get other people's takes on it. ***SOME SPOILERS BELOW*** What to say, what to say... I enjoyed this book, as I have every installment Lindsay's put out in this original series. I've read all but "Dexter in the Dark" and that is next up on my list, and I will faithfully continue to check out all other future publications but it's difficult for anyone to not notice and point out the flaws in works they're fans of and well-acquainted with, right? Some definite Pro's of this book in my view is that it felt tighter and more focused than its predecessor, "Dexter Is Delicious." I actually enjoyed that one a great deal, but its central villainy and Big Bad(s) were certainly over the top, and "Double Dexter" righted that for me. Also, the Witness angle was something Lindsay hadn't yet explored and so that made the reading endeavor fresh in & of itself right out of the gate. The continued inclusion of Brian was also a big plus. And although these are relatively minor bonuses, there seemed to be less redundant ruminating on that 'ole brutal Miami traffic this time around (THANK GOODNESS!) and also less whining about Deborah's "blistering arm punches," namely because there were simply fewer of them but every time our protagonist starts crying about those in this series I can't help but think, 'Good grief, toughen up already man!' :) All that said, it was a bit frustrating... maddeningly so at times... to see the trend continue in this novel of Dexter being outsmarted at nearly every turn; by a complete "amateur" no less, according to his own words. Although it's been a few years since I read the first two novels in this series, I remember Mr.
