## Customer Reviews

I bought both Foonberg's book and this one. Well, I was sick and tired of law firm life and deady wanted to open my shop. During the time for being ready, I read those books. Flying solo has brand new ideas for lawyers and some ideas are better than Foonberg's. I'm a lawyer in South Korea and I hope many associates of law firms dare to open their own shop. It is a great book.

I just spent \$15 downloading one chapter of "Business Plans" from the ABA website. I wanted to get some detailed information on setting up a business plan, maybe an outline & specifics. Instead, the chapter consists of 13 pages that essentially says it is a good idea to have a business plan!

Duh! This review is based on only the one chapter. So maybe the rest of the book is much better. (It better be for the amount of money they are charging!) My recommendation - don't waste your money like I did!
