What seven-year-old boy I wouldn't love a book like this? He giggled and laughed like all young boys would reading about gross disgusting things. His four-year-old sister, as expected, was entirely grossed out Mission accomplished!

Fun and kid friendly, but not a basic reader either. Have become a fan of the different Nat Gep books for kids.

I ordered this book for my 7-year-old nephew as a gift. He is at an age where 'gross' is totally cool. I started to glance through the book when it arrived...and ended up reading the whole thing. I just could not stop. It was wonderfully GROSS. Thank you for making one little boy grossly happy!

10 yr old loves this book! He hasn't put it down since he got it and loves sharing his gross facts with the whole family. Made him want to read which can be a struggle some days!

Such a fun book! Purchased for my 10 yr old boy, it has entertained kids from 3-12... and me... and hubby! I have multiple of the Discovery kids books and they are all fantastic. Would be a great gift for someone who has no idea what the child likes. You can't go wrong with it.

I bought this as a gift for my 11 year old son. He was not sure he'd like it but he read it out of curiosity. Mission accomplished.

it has alot of gross interesting facts gross but cool to read and share with others and alot of the stuff in the book you never heard of facts.

My son loves this book! I love anything that encourages reading. He's 9 and it's been a month since he received it and he's still carrying it around, sharing all the facts he's learning!
