Customer Reviews

Based on her experience mediating over 6000 cases, Mary Greenwood lists each rule and offers an

explanation on how and when to use it in mediation. The book gave me the confidence and skills to deal with difficult parties and helped me understand how to handle a deadlock and how to close any deal. It even has a section on how to talk like a mediator.

Great advice and guidance on how to approach disputes during mediation, but also in real life circumstances. Great job on this book Ms. Greenwood! And, thank you for sharing your wisdom and expertise with your fans!

The best part is that many scenarios are "scripted". So many other authors just write on process and generalities - the "what" but Greenwood gets into some real practicalities - the "how"

As a mediator, this is a very useful ebook to take with me to mediations. I refer to it as kind of a checklist when I run into a particular type of impasse.
