# The Basics Of Winning Craps, 5th Edition

## Synopsis

This is an excellent beginner's book is targeted for beginning players who want to learn the basics of this sometime-intimidating casino game. Easy-to-read and written in a conversational style, players learn how to understand the various bets and terminology and gives them the confidence to play like a pro. 13 quick-reading chapters explain all the different bets available including wagers in which the house has no edge whatsoever. There are good bets and bad bets, and the reader will soon learn how to tell the difference. From pass, come, and free odds bets, to place bets, field bets, don't come and the proposition bets, players will get a full understanding of the game. Includes money management strategies, glossary, illustrations and charts. New edition includes a revised introduction, the latest on betting 3X, 10x, and 100 x odds bets, the best strategies to take advantage of these new odds wagers, and explanations of the newest gimmick bets.

Product Dimensions: 4.2 x 0.2 x 6.8 inches

Shipping Weight: 12.6 ounces

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #976,637 in Books (See Top 100 in Books) #61 in [Books > Humor & Entertainment > Puzzles & Games > Gambling > Craps](#)

## Customer Reviews

Don't waste your money on this book. Even as a primer on the game of craps it falls way short. Most of the information contained is in the free gaming brochures that the casinos hand out. The real rip here is that in the last chapter Allen is hustleing an expensive "system" that you have to order seperatly. Look for other books on craps that go into detail about money management and winning strategy

This little book is a must for any novice craps player. It might not make you rich, but it will save you some bucks, if you follow the expert advice. Best of all, it can fit easily in your back pocket, which

makes for easy quick reference, anywhere.

If you've never played before, this is the book you've got to read. It's easy, basic and makes you feel like a pro on the table. I read it, won, and lost, but that's the game. I think this book is so great that I am purchasing it for friends who "would love to play but just don't understand the game." This book makes it easy, you've got to try it.

(...) I have been playing craps for about 6 mo's and like most, knew the simple typical bets but was confused about the more "exotic" ones. This book clearly defines all the bets on the table. As far as how to play, well the book tells you the odds of each bet and what percentage of the time each number on the dice rolls. You should be able to determine the style you want to play from these numbers. There are many craps books out there that tell you how the authors' play, but are lacking in the specifics of some of the game's details if those details don't pertain to their way of playing the game. This book provides all the rules. Its short and concise. I recommend it if you want to know the specifics of each possible bet on the craps table. If you want to know how someone else plays and want to do nothing more than copy their methods of play, I would suggest a different book.
