Criminal Procedure: From First Contact To Appeal (5th Edition)

Synopsis

This comprehensive text uses a real world focus to cover all of criminal procedure, from first contact to appeal. **Criminal Procedure: From First Contact to Appeal, 5e** is a comprehensive introduction to criminal procedure, from first contact with the police, all the way through to appeal. The text is divided into five parts: (1) Introduction; (2) Search and Seizure; (3) Interrogations, Confessions, and Identification Procedures; (4) The Beginnings of Formal Proceedings; and (5) Trial, Conviction, and Beyond. The latter two topics are rarely covered in conventional criminal procedure books, particularly at the level of detail found in this text. This book presupposes no legal expertise, connects criminal procedure cases to the real world through innovative pedagogy, and encourages students through numerous decision making exercises to be critical thinkers by putting them in the position of judge. **Teaching and Learning Experience** This book presents a comprehensive introduction to criminal procedure, thoroughly presenting basic legal concepts and issues in a conversational written style and tone. It provides:

- Real World Focus:** The text contains actual legal documents and excerpts from official policy manuals of police departments and other criminal justice agencies around the United States
- Clear, up-to-date coverage:** Sequentially organized text is laden with the latest court cases and practical examples and illustrations
- Outstanding Pedagogical Features:** Provides students with tools to master key concepts and content

I rented this textbook for my Pre-Law Class. It is okay. It is a lot of reading!! The text does provide

diagrams and pictures and does a good job of explaining the major landmark Supreme Court cases! Which is essential that every American should know about their RIGHTS!! highly recommend this! Our RIGHTS should not be violated by the local, state and or federal government! Know your rights!

It's in pretty terrible shape. The description said it was in good to excellent, but it's missing pages and almost all of the text in the book is highlighted making it impossible for me highlight anything important. If I knew it was going to be in such shabby shape, I would've bitten the bullet and got a new one.

Excellent. I needed this book for class (taught by the author of this textbook, actually) and it was basically impossible to find under \$150. Found this listing and immediately bought it. The book arrived on time and in amazing condition. Couldn't be any happier given the situation.

Good written book; however, it includes many quotes and less original thoughts by the author. I do recommend to read. You will learn a lot

Just what I needed. Came in a timely manner. Thank you

Very good book and the book was in good condition!
