# Cracking The Roulette Wheel: The System & Story Of The CPA Who Cracked The Roulette Wheel

## Synopsis

In this revised & updated edition of his bestselling book *Winning Money*, Patrick Austin expands on and adds to his already proven strategies that can be used in casinos worldwide and for online betting & gambling. Now, you too can share in the secrets that Cracked the Roulette Wheel. How many times in a row can you flip a quarter and make it go heads? Maybe four or five? This is a very difficult task because in reality, a streak of four or five heads in row just does not occur very often. Simply put, Patrick's systems capitalize upon the probabilities of long streaks, just like flipping a quarter. In *Cracking the Roulette Wheel*, Patrick will show you the exact steps you need to play these systems including:

- \* How to methodically generate potential profits in excess of \$200 per hour.
- \* The amount of money suggested to use.
- \* The proper and disciplined betting sequences and when to jump in on a streak.
- \* How many hours you will want to play to maximize your profits and lower your risks.
- \* How to take advantage of all of the complimentary services that casinos offer "high rollers."

These are not traditional, basic betting sequences that have been tried and failed for decades nor a "Get Rich Quick Scheme" but rather a scientific, methodical approach to success. Patrick's systems are based on statistics and numbers, and are the key reasons why his systems work.

## Book Information

Paperback: 142 pages

Publisher: CreateSpace Independent Publishing Platform; 3 edition (April 16, 2010)

Language: English

ISBN-10: 1451558627

ISBN-13: 978-1451558623

Product Dimensions: 6 x 0.3 x 9 inches

Shipping Weight: 9.6 ounces (View shipping rates and policies)

Average Customer Review: 2.7 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #2,954,318 in Books (See Top 100 in Books) #102 in [Books > Humor & Entertainment > Puzzles & Games > Gambling > Roulette](#)

## Customer Reviews

This "book" is completely useless. I have studied table games for 20 years, read countless volumes on the subject and this is, like so many books on the subject of roulette, complete garbage. This "system" will not work. The preponderance of this "book" wastes time informing the reader how to obtain comps. The paper and ink wasted illustrating the "system" would have gone to better use

describing how to write and send a personal check to the casino in order to avoid the agony of sitting at the table watching your money disappear. For the serious researcher, it is important to read as much as possible so you will have a full spectrum of tools to employ once you set out to "beat the casino", this is nothing more than a Martingale system which is outdated. Books by John Patrick are far more useful to beginners, this is trash.

I've been wanting to buy a formal strategy book on roulette for some time. I researched many and purchased a few but they didn't work and I lost money. I read the mixed reviews on this Cracking the Wheel plus checked out this guy's website. It all is credible. I still wasn't sure about the actual strategies until I got the book. But they really are solid. They take the principles of a regular Martingale system BUT expand with timing, money and much more. They really take advantage of table minimums and maximums. I got a trip planned to play in person but I already tested these systems out online at some sites I play other games. They worked well. Definitely worth the money as these systems have been around a while and work.

This book is extremely trite and irrelevant. Only a fool would use the wagering practices described in this overly simplistic book.
