Elder Law For Paralegals (Aspen College)
Synopsis

Elder Law for Paralegals prepares students to assume a productive role in law firms that focus on elder law. A wealth of learning and teaching aids reinforces the lessons in the text. A highly adaptable structure and generous ancillary support make teaching Elder Law and related courses a pleasure: if you've never taught it before. Timely and practical, Elder Law for Paralegals features: consistently rich and innovative pedagogy, including crossword puzzles, marginal definitions, review questions, and practice exercises practical tips that address cultural and generational differences between young adults and the elderly up-to-date internet resources, conveniently referenced throughout the text.

Customer Reviews

I choose this rating for the simple reason that the book is well organized, filled with exhibits of sample forms from different states, and gets to the heart of the matter. The exercises focus your attention and are a good supplement to the more formal class setting. I have also found the constant references to the internet websites very useful in researching various areas of Elder Law. The cases chosen are an added benefit. We are giving this book a trial run in our class but from my perspective it is a keeper, and is likely to be used by other classes in the future, I would certainly recommend it.

Great condition. Bought for a college course.
Great purchase!

Great service and very good price!
