Examples & Explanations: Agency, Partnerships, And LLCs, Fourth Edition

Synopsis

A favorite among successful students, and often recommended by professors, the unique Examples & Explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester. Use at the beginning and midway through the semester to deepen your understanding through clear explanations, corresponding hypothetical fact patterns, and analysis. Then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis. Designed to complement your casebook, the trusted Examples & Explanations titles get right to the point in a conversational, often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course. The unique, time-tested Examples & Explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final. Each guide helps you learn new material by working through chapters that explain each topic in simple language challenges your understanding with hypotheticals similar to those presented in class provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis quickly gets to the point in conversational style laced with humor remains a favorite among law school students is often recommended by professors who encourage the use of study guides works with ALL the major casebooks, suits any class on a given topic provides an alternative perspective to help you understand your casebook and in-class lectures

Customer Reviews

I purchased this supplement for use with the textbook Business Associations, Cases and Materials on Agency, Partnerships, and Corporations (University Casebooks) and found it to be a fabulous choice for learning the Agency and Partnership material of this course. The problems were very well written and seemed to be on the type of information we were eventually tested on. However, this supplement only includes information on LLCs, which was inadequate for the Corporations material of the casebook; because of this, I would recommend a different supplement for Corporations-related help.

This book really lays out Agency, Partnerships, and LLCs in a super easy to understand way. The language is really clear. You don't have to have a legal dictionary to understand it. I LOVED this E&E. the examples are relatable and not so wordy that you get lost, and the explanations are right after each problem so you don't have to keep flipping back and forth. This is a great book and will definitely help you make an A!

Our class had an instructor who didn't really teach us the class but expected us to know the subject. I really didn't use this book until the middle of the semester but it "saved my life" in the class. To me, what was really helpful was the breakdown of the important areas, such as Respondeat Superior and the powers to bind. This author did a better job in teaching me than my instructor. The most important area of the book is the ability to practice the essays using the examples given. If you know you are going to be tested on a particular subject within the area of agency. Use ALL the examples given for your practice tests. Most likely you get to practice the fact pattern that will be on the test. Good luck.

I would have expected more of the book to cover partnerships than it actually did. I usually love the E & E series, but this was not one of my favorites.

This book is perfect! Really, it has given me a complete and thorough understanding of the subject. The examples are great. I aced this course, and this was my main study method.

Test preparation is about practice. The more you do, the better you will be on the day of the final. This book provided many good examples to practice. However, my final was three long essays and the examples are shorter. Still, it helped me succeed in bus. orgs. Recommended.

Get's the job done well and is easy to read.

as described, quick delivery
