## Customer Reviews

I got this book quickly and at a great price. This is a wonderful guide for people studying administrative law. Good glossary and index in the back as well. I refer to this book constantly as I'm completing my study guides, quizzes, open tests, and homework.

Easy to read, great general info, and extra exercises for content application. I particularly appreciate the relevant statutes, regulations, and case law to drive home content.

This book is very informative, however, there are a ton of typos and actual mistakes [of law] in this book.

The book was in great condition and was used a lot during the lectures. I found it easy to read. Ramona R. Williams

Great! Right price & immediate delivery of an excellent book!
