Customer Reviews

Summer Bliss Bundle: 9 Beach Reads, delivers precisely what it promises: nine 'beach reads' by estimable emerging authors. If you're feeling beachy, you don't really need sunscreen: this bundle will give you that on-vacation feeling. 9 feel-good beach reads perfect for summer., one by award-winning Sárka-Jonas Miller, one by Julie Farley, one by Stephany Tullis, one by Erin Carwood, one by Joanne Dannon, and one by Heather C. Myers, one by Anna Celeste Burke, and one by Gail Ward Olmsted. Since I'd already read and enjoyed Stephany Tullis' contribution, I bought the bundle, and I'm glad I did. You will be too.

What a fantastic collection of authors and stories. I was so excited to get this bundle and I thoroughly enjoyed every story. It is nice to be able to read some new authors and some authors

that I love in one easy and affordable place. I highly recommend this bundle to anyone who loves a good summer read.

Charmaine Ross has done it again with another brilliant written romance. If you think romances are just fluff pieces then think again and get yourself a copy of *Bogan Chick*. *Bogan Chick* is more than just a "My Fair Lady" adaptation set in today's society, Charmaine has written a gutsy, thoughtful and insightful book that addresses the ups/downs of when a woman is taken out of her comfort zone and given new clothes, learns to speak "properly" etc....As one of the character says, "you can take her out of Moe but you can't take the Moe out of the girl!" You have a strong, clever heroine that is doing it so hard in caring for her family. There are parts of the book that are gut wrenching, reminding many of us how lucky we are. Sally is one amazing heroine!!! We follow the tribulations of her transformation through the eyes of the hero and heroine and Charmaine has a brilliant style of writing so you are heavily invested in the story. You can see what's going to happen, you see the train wreck coming and you're hoping you're wrong. Having been so emotionally invested in the book, I was cheering for Sally and Rhys, hoping they'd get their well deserved happily ever after. Thank you Charmaine Ross for a great and emotional read.

Two of my favourite authors, Anna Celeste Burke and Stephany Tullis were in this set, so I grabbed it as soon as I got the chance. Brilliant value for money and an enthralling read. What more could a girl want? Happy Ever After Heaven :)

I loved this book, it has something for everyone. Once you start reading, it is hard to put down. Stories are a good length and many engrossing characters. I will be reading this again. Buy it, money well spent!!!!

Summer Bliss Bundle: 9 Beach Reads Kindle Edition by Sarka-Jonae Miller (Author), Julie Farley (Author), Stephany Tullis (Author), Erin Cawood (Author), Joanne Dannon (Author), Heather C. Myers (Author), Charmaine Ross (Author), Anna Celeste Burke (Author), Gail Ward Olmsted (Author) A fantastic collection of summer reads by some great authors. Some I had read before and others were new to me but I really enjoyed them all. Amazing price summer beach reads.

In the Summer Bliss Bundle, I've read books by a few of these talented writers and was thrilled to discover the others. Each of these books is well-written and sure to evoke feelings of happiness,

and enjoyment. Once you've read this group of books, I think you'll find some wonderful authors to follow. They each have additional books that I cannot wait to read on the beach, an airplane, or anywhere else you enjoy being immersed in a fun book.

I received a free copy of *Maybe Tomorrow* in exchange for an honest review. Erin Cawood does an incredible job of presenting kaleidoscopic views of each story she writes. Just when you think you've got a handle on what happened between Keon and Darcy, the perspective gets flipped and you realize someone made a horrible mistake. (And just to keep things interesting, that happens more than once.) It's going to take some time to dig at the truth, but that isn't something they have in light of Darcy's serious health problem. Even if that can be resolved, what about the ripple effects on the family and friends around them? This is lighter fare than Cawood's series *Behind Closed Doors*, but it's not comic and light by any stretch. I was drawn into the characters and their universe immediately, and I can't wait to read the rest of the series. Recommended for fans of women's fiction.
